

Up to 70% off CD-based music resources
 Excludes the Green Large Print Songbook Collection.

Please note: this insert reflects reduced prices that differ from those printed in the catalogue.

Prices include GST, music royalties, packaging, and postage within Australia on all our music resources. Additional shipping charges apply for overseas orders.

When using the order forms in the back pages, please apply the prices shown on this sheet.

Orders placed online will automatically reflect the reduced pricing.

As we prepare to close, many items are now offered at or below cost to help clear our remaining stock. Our online catalogue has therefore been simplified to single items only, and package options have been removed.

Please disregard any 'package' order forms included in the catalogue, and thank you for your understanding and support over the years.

Blue, Red & Green Book CD Collections & Musical Armchair Travels are individually priced at \$33.60 EACH
